To whom it may concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), Nyle Oswind Parry is requesting FCC to withhold the following exhibits as confidential documents from public disclosure indefinitely.

- Tune-Up Procedure

These documents contain detailed non-public technical or design descriptions of our products which we consider proprietary information and trade secrets of Nyle Oswind Parry and protect as such. Any public disclosure of these documents harm our company and would give our competitors an unfair advantage in the market.

In addition, pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), to ensure that our business sensitive information remains confidential until the actual marketing of our newly authorized products, we are hereby requesting FCC to grant short-term confidentiality on the following documents for **180 days** from the date of the grant of Equipment Authorization:

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

Please let me know if you have any questions.

Sincerely,

Jan Allen
